Profile

Currently pursuing my 4rd semester at IIT Dharwad. I have a basic knowledge of languages such as: C, C++, Python, and Web Development using HTML, CSS, JS, PHP.

Worked on a team based project for the Software Systems and Labs course, in which we made an "Online Examination System" with various sub- features.

The following link shows a brief overview of our project: shashankp28.github.io/SSL-submission/

I have worked on basic excel data analysis and a Data Structres & Algorithms team project using pyhton.

EDUCATION

Computer Science and Engineering at Indian Institute of Technology, Dharwad

2020 - 2024

Current CPI: 9.79

Pursued courses in Software Systems and Labs, Data Structures & Algorithms

Basic knowledge about LaTeX, Beamer.

ABOUT ME

Adapting to new environments quickly

Hard-working, punctual and a team-player

As a very fast learner, I would like to learn a lot during the internship.

I participate in competitive coding contests at "CodeChef" regularly.
